

Will You Be a Victim?

According to the most recent FTC Report, in 2012 over **16.6 million Americans** discovered that their personal information had been used to open fraudulent bank accounts, credit card accounts, bought houses, cars and committed other crimes in THEIR name!

If you have not experienced the frustration of having your identity stolen, odds are you know somebody who has. As the fastest growing white-collar crime in America, the number of identity theft victims will only grow. Even the FTC Director of Consumer Protection admitted when he said:

“What we’re seeing increasingly is ID theft that occurred because some insider sees information and steals it.”

Common Ways ID Theft Happens

Dumpster Diving – Rummaging through your trash.

Skimming – Steal credit card numbers by storing information when processing your card.

Stealing – They steal wallets, purses, mail, personnel records from employers.

Changing your Address – Divert billing statements to another location by using a “change of address” form.

Phishing – Pretend to be financial institutions and send spam to get you to reveal your personal information.

Or Will You Be A Survivor?

ID Theft Assist is the only true third party recovery service for identity theft victims. While many “recovery” programs will tell you what to do, the representatives at our 24-hour-a-day, 7 day-a-week Emergency Call Center actually do the recovery work for you. Some of the highlights of the service include:

- Capture all necessary credit report information using “real-time” technology.
- Obtain list of creditors to be contacted and contact them with separate itemized fraudulent account statements for each fraudulent occurrence.
- Report the fraudulent activity to the local authorities and forwarding this report to their creditors.
- Notify the fraud department of their creditors.
- Notify all three major credit-reporting agencies of the ID Theft.
- Assist the member with replacing driver license, passport, social security card, and any other identifying documentation.
- Translate whenever necessary (e.g.: when caller is overseas and needs help communicating with the local police in order to file a report).
- Provide emergency cash advance to members when theft occurred away from home. Credit card guarantee is necessary (from member or family member).
- Determine best legal action to take against creditors or how to work with credit bureaus if creditors are not cooperative in removing fraudulent entries from participant’s credit report. When needed, members will be given access to up to three in-person sessions per family with a provider to address emotional issues caused by the theft (National network of over 18,000 Behavioral Specialists utilized for this service).

Your Privacy

ID Theft Assist is very concerned about our subscribers’ privacy. Data collected for services rendered will not be shared with any other organization and is used for the sole purpose of servicing our subscribers. All personal data is housed in secured storage within our offices.

Authorization

ID Theft Assist can only provide its services with authorization from the subscriber. The authorization form will be e-mailed or faxed to the subscriber at the time of service. A signed authorization form must be faxed to the service center in order to proceed. E-mail signatures cannot be accepted.

Subscription Verification

In some cases, verification of your subscription may be needed. We will provide service until the next business day. At that time, if verification is not obtained, the ID Theft Assist service will be discontinued.

Identity Verification

In some cases, identity verification may be necessary. This is done for the subscriber’s protection. If the identity of the subscriber cannot be verified, service will be discontinued.
